Only after successful completion of the generalist courses, generalist field hours and the statistics requirement, can students begin the specialized curriculum. **Field placements cannot be provided for evening and weekends only. It is the responsibility of the student to have the hours available to do the field practicum, Monday – Friday during the business day (9-5).*** There may be placements that offer some weekend and evening hours, but this cannot be guaranteed.

Generalist Curriculum

All students, except those with baccalaureate degrees from programs accredited by the Council on Social Work Education, are required to take all of the generalist courses. These courses contain a body of knowledge, values, and skills essential for social work practice. This common base is transferable among settings, population groups, and problem areas. The generalist curriculum consists of courses in generalist social work practice with corresponding field instruction, human behavior and the social environment, Clinical Assessment & Diagnosis (formerly psychopathology,) introductory social work research methods, social welfare policy and services, and a course focused on diversity and oppression.

Successful completion of the generalist program is required before beginning the specialized curriculum.

The required generalist courses are:
