2011-2015 **Psychological Consultant and Supervisor**, Child Advocacy Law Clinic, University of Michigan Law School, Ann Arbor, MI.

I provided psychological consultation to the Child Advocacy Law Clinic on all aspects of child welfare cases including but not limited to assessments, educational placement, the effects of trauma on children, youth, and families, substance abuse, service placement, home placement, and multi-system collaboration. Based on this work, I developed a social work program to provide direct social work practice to clients of the clinic. I supervised the casework of MSW students who interned at the clinic, provided training on all aspects of casework, oversaw professional development related to the fieldwork experience, and evaluate the performance of interns. As a member of the clinic team, I lectured to summer fellows and student attorneys about the child welfare system and psychological issues related to system involvement.
