

## **Online Photo Submission**

All Rutgers University students must obtain a student ID card (photo ID) that is managed through the Office of Identity and Access Management (IAM). You can use the IAM online portal (see website below) to easily submit the photo you would like included on your ID Card. Their office will then review the photo and notify you via email if it is approved or denied. Please review the criteria outlined on the IAM website before submitting your picture.

**IAM Photo ID:** <http://iam-ipo.rutgers.edu/photosub.php>

New students will have the option of receiving their ID card at their new student orientation. You can submit your photo with a smartphone, tablet or a computer **after you have activated your NetID and password.** New students who were not able to meet the deadline to receive their photo ID at orientation can still submit a photo through the IAM online portal. Once their photo has been approved by IAM, they can pick up their photo ID at one of the campus specific locations (see below).
