RESEARCH GRANTS

Proposal Submitted

National Institute of Mental Health

Dates: 2023 – 2027

Racial Discrimination, Intergenerational Cultural Conflict and Asian American Mental Health (PI: Choi)

The major goal for this grant is to extend an existing, highly successful longitudinal study of young Asian Americans to track family processes from adolescence to late young adulthood and racial experiences from 2014 to 2026, including pre-, during, and post emergence of the COVID-19 pandemic, to investigate their impact on Asian American young adult adjustment.

Role: Co-Investigator

Current

Russell Sage Foundation Trustee Grant

Dates: 01/01/21 – 12/31/23

COVID-19, Racial Discrimination and Civic Engagement among Asian American Young Adults (2005-24450; PI: Choi)

The major goal for this grant is to investigate the association between discrimination and civic engagement among Asian American young adults, specifically Filipino Americans and Korean Americans, living in Chicago and surrounding Midwest metropolitan areas. The COVID-19 pandemic and its consequences offer a unique natural experiment to study the relationships between discrimination and civic engagement among Asian American young adults.

Support: \$171,255

Role: Consultant/Co-Investigator

Completed

National Institute of Mental Health

Dates: 08/01/20 – 07/31/22

Brown School Training Program in Mental Health Services Research (T32 MH019960; PI: Cabassa)

The major goal for this grant is to establish a predoctoral and postdoctoral Mental Health Services Research Training Program that will train Ph.D. level researchers who are knowledgeable about the prevalence of mental disorder, the history and trends in public and private service delivery, sources and patterns of funding, and the design, measurement, and analysis issues in studying mental health services and their component treatment.

Role: Postdoctoral trainee

RESEARCH EXPERIENCES

Washington University in St. Louis, Center for the Study of Race, Ethnicity & Equity

Dates: 03/25/21 – present

Characterizing Contextual Change and Its Impact on Health Behaviors, Mental Health, and Quality of Life Among Latin American Immigrants in St. Louis (PI: Salvo)

The major goal for this grant is to examine the role of contextual change on obesity-related behaviors (physical activity, diet), mental health outcomes (depressive and anxiety symptoms), and quality of life among Latin American immigrants in St. Louis.

Role: Postdoctoral research scholar

Johns Hopkins University, School of Education

Dates: 02/16/21 – present

Center for Safe and Healthy Schools (PI: Johnson)

The major goal for this center is to investigate the complex factors involved in ensuring that schools are safe learning environments where students can thrive.

Role: Postdoctoral research scholar

National Institute of Mental Health

Dates: 07/14/2014 – 05/31/2021

Peer-led Healthy Lifestyle Program in Supportive Housing (1R01MH104574-01; PI: Cabassa)

The overall goals of this study are to test the effectiveness and examine the implementation of a peer-led healthy lifestyle intervention (PGLB) in supportive housing agencies serving diverse clients with serious mental illness (SMI) who are overweight or obese.

Support: \$3,354,903

Role: Postdoctoral research scholar

Eunice Kennedy Shriver National Institute of Child Health and Human Development

Dates: 04/01/2013 – 03/31/2020

Culture, Family Process, and Developmental Outcomes in Asian American Youth (R01HD073200; PI: Choi)

The overall goals of this study are to formulate a culturally specific thus accurate Asian American family process model and examine the impact of race/ethnicity, culture and immigration on the development of Asian American adolescents and young adults.

Support: \$3,159,613

Role: Predoctoral research assistant

UChicago, Crown Family School and Eun-pyung School District in Seoul, South Korea

Dates: 01/01/2017 – 12/31/2018

Culture and Family Process of Korean Families with Adolescents (Seoul Survey; PI: Choi & Kim)

The overall goal of this study was to augment MLSAAF with a youth subset (N=524) in Seoul, South Korea to examine the impact of socioeconomic class and immigration in family process.

Role: Predoctoral research assistant

Robert Wood Johnson Foundation, W.K. Kellogg Foundation, Washington Center for Equitable Growth, Institute of International Education in collaboration with Ford

Foundation, Center for Popular Democracy, Suzanne M. Nora Johnson and David G. Johnson Foundation, and Gap

Dates: 04/08/2015 – 11/01/2016

The Stable Scheduling Study (PI: Lambert & Williams)

The overall goal of this study was to conduct a randomized experiment of a multi-component, store-level intervention designed to provide workers with more stable schedules.

Role: Predoctoral research assistant
